

Challenge CEO and Editor,  
Carl Carmody :

I want to take this opportunity to give a basic summary of how things are travelling in each area of the world and what are key prayer points for us.

## South and Central Africa

We are now seeing South Africa taking off with new orders coming in almost weekly. Please **pray** for the work of *Multi Ministries* who we partner with and also for our Challenge representative **COBUS BRITZ** (right). Also **pray** for African nations, namely Zimbabwe, Botswana, Uganda, Malawi and Kenya where God is using the paper in a very special way.

## India

We have had an ongoing struggle to get the India work on a good footing, particularly the promotion and development it needs. **JOHN PALANDRI** and I will be in India for ten days meeting with *AEF India* and discussing a formal partnership with them to promote, develop and fund the paper throughout India and we would value **prayer** for this time. Our **prayer** is that God will bring us together in unity of vision, heart, mind and spirit. We value **prayer** for **JOSHUA LAL** as he develops the work and that we will see positive results in the development, content and distribution of the paper.

## South and Central America

*Will and Ale Herndon  
Natalia and Rebekah*

This is another partnership we have struggled with. Whilst we have an informal partnership with *Word of Life* it has been difficult to nail down the details. For example we have been very keen for *Word of Life* to provide us with an office and also staff to help us fund, develop, promote and distribute the paper throughout South and Central America. Our representative in South America is **WILL HERNDON**. We value **prayer** for the Lord's direction for Will and his family as far as helping us formalise this partnership. **Pray** for the papers that have been distributed throughout South America at the recent Soccer Championships as well as the various outreach camps that *Word of Life* have been running in Mexico.

**Pray** that God would guide *Word of Life* to be pleased to help with the funding as well as the promotion and development of the work there.

## North America

The big news in this area is that we will be sending ANDREW TREZONA (right) and his family to the USA as our representative arriving late February. As you can imagine there is a myriad of paper work to navigate through so please **pray** for the Trezona family as they move forward and that God would give us wisdom to be able to do everything correctly. **Pray** concerning visas, their interview with the United States embassy, for the right accommodation when they arrive. There is a great need for funding the USA move, including start-up costs of Challenge USA and for capital purchases required. As you can imagine the countdown has begun and these things need to be in place and our **prayer** is God directs every step and every stop.

## Australia

Australia continues to hold its own but we are deeply burdened with the fact that the distribution of the paper has stalled under the 50,000 mark. **Pray** for the development and distribution of the paper throughout Australia for 2012; that God in His mercy and grace will allow us to expand the work to 60-70,000 papers per month. Obviously this means we would be spreading a lot more seed with the practical side benefit of helping to bring in much needed funding for the ongoing development of the paper elsewhere around the world. Please **pray** as we look to replace Andrew who headed up promotion in Australia and for another journalist and editor for the work. **Pray** with us as we are in need of further financial support for our staff; who raise a percentage of their allowance through personal support.

We **praise** God for the individuals and churches who have prayed for this work over the years. **Praise** God for all the group of volunteers who have done an amazing task in getting the paper mailed each month. We **praise** God for our writers who give of their time and skills to produce the paper. In the year 2011 we distributed close to four million copies of the newspaper around the world. We have an amazing God who does far beyond what we could think or imagine.
